Introduction

At Mabe Primary, we value and celebrate the diverse range of beliefs and values held by individuals in our school – both staff and pupils. We believe that these beliefs and values need to be shared and explored, and that they are important lenses through which we can understand attitudes and behaviours. As a school, we emphasise the importance of nurturing and enhancing children's knowledge of different religions and worldviews in order to help them understand and respect others' views, ultimately preparing them for life in a diverse and multicultural society. Our Religion and Worldviews curriculum is therefore designed to develop children's awareness of a range of religions and beliefs that shape their local community and the wider world, linking and comparing these with their own values, opinions and ideas.

Religion and Worldviews provides children with the opportunity to ask and answer questions about key areas, such as the meaning and purpose of life, beliefs about God, and issues of right and wrong. It teaches children qualities such as empathy and respect for others, key skills that are crucial to living in today's widely diverse society. Our Religion and Worldviews curriculum will help to support children's personal development, whilst making key links to other parts of the school curriculum such as personal, social and emotional development (PSED) and citizenship. It will allow the children the opportunity to explore their own beliefs and views on the world and deepen their understanding of the importance of religion for others – individually, communally and cross-culturally.

The Religion and Worldviews Curriculum

Mabe Primary follows the Cornwall Agreed Syllabus (2020-2025) for the teaching of Religious Education (RE).

'RE is not simply about gaining knowledge and understanding about religions and beliefs. It also helps pupils to develop their own understanding of the world and how to live, in the light of their learning, developing understanding, skills and attitudes. It makes a significant contribution to pupils' spiritual, moral, social and cultural development, as well as important opportunities for exploring British values.'

Cornwall Agreed Syllabus 2020-2025

Syllabus Aims

The Cornwall Agreed Syllabus states that: 'the principal aim of religious education is to explore what people believe and what difference this makes to how they live, so that pupils can gain the knowledge, understanding and skills needed to handle questions raised by religion and belief, reflecting on their own ideas and ways of living'.

Cornwall Agreed Syllabus 2020-2025

Our Religion and Worldviews curriculum will allow the children at Mabe Primary to develop a deep understanding of a range of religions (Christianity, Judaism, Islam and Hinduism), alongside other worldviews. These religions will be studied in depth throughout the year, in single units of work, before ideas and values from each religion are combined and compared in thematic units at the end of the year.

Teaching and learning approach

Mabe Primary aims to deliver a consistently high-quality approach to Religion and Worldviews. It will do so by not only delivering key knowledge in teaching sessions to prepare pupils for life in wider society, but also by celebrating equality and diversity throughout school life – including during Collective Worship and pastoral matters. This will promote inclusion and tolerance within the school community, whilst also assisting in building and maintaining wider community cohesion.

Our approach to the teaching of Religious Education in Mabe Primary, is built around the Cornwall Agreed Syllabus' three main aims:

1. Making sense of a range of religious beliefs
2. Understanding the impact and significance of religious and non-religious beliefs
3. Making connections between religious and non-religious beliefs, concepts, practise and ideas studied.

Every unit of work (per half term) will combine each of these three elements, along with a specific vocabulary based lesson, and will be delivered through a range of exciting opportunities.

Religion and Worldviews will be delivered using a cross-curricular approach as appropriate, and Oracy is embedded within it through facilitating high quality discussion and questioning by the children. The subject will additionally be enhanced through a range of visits and workshops.

Resources and Visits

Mabe Primary will develop and maintain a range of religious artefacts within the school and strengthen links to organisations holding others in the wider community, to support children's learning in Religion and Worldviews. This will enable a practical approach to building knowledge and understanding within our lessons.

We will provide opportunities for our pupils to go on educational visits throughout the year, including to places of worship and local areas of natural beauty. This, alongside inviting a range of visitors to the school to provide workshops to enhance the children's learning experiences, will broaden access to Cornwall's unique cultural capital, which may be otherwise unobtainable to disadvantaged students.

We will work in partnership with Mabe and Budock Church who will provide a range of workshops, visits and experiences for the children to enhance the Christianity element of their learning in RE throughout the year.

Time spent on Religion and Worldviews

Mabe Primary will deliver a broad and balanced Religious Education curriculum that meets national legal requirements, for all pupils registered at the school, unless they have been withdrawn (in writing to the Headteacher) by their parents. It will do so by ensuring that:

- Children in the Early Years Foundation Stage and Key Stage One have 36 hours of RE every year.
- Children in Key Stage Two will receive 42 hours of RE every year.

Religions covered in each Key Stage

In our Reception class, children will encounter Christianity and other faiths present in their communities. Our Religion and Worldviews teaching is in line with the Early Years Foundation Stage Curriculum – particularly focussing on the ‘Understanding the World’ Early Learning Goal.

In Key Stage 1, children will start exploring Christianity, Judaism and Islam in more depth, and will expand their knowledge of these, alongside Hinduism, in Key Stage 2.

The Cornwall Agreed Syllabus uses a spiral curriculum approach – whereby pupils have the opportunity to revisit the same themes and religions as they move up through the different year groups, exploring them at a deeper level and with increasing complexity. This enables pupils to consolidate and build upon their existing knowledge, whilst deepening their understanding and skills. At each point, the learning objectives will be explained to the pupils through child-friendly language and measured by age-appropriate success criteria.

Withdrawal from Religion and Worldviews learning

Whilst our approach to RE is open, broad, and explores a range of religious and non-religious worldviews, parents have the legal right to be able to withdraw their child from RE lessons, or any part of the RE curriculum. This must be requested in writing to the Headteacher.

Links to PSHE (Personal, Social, Health and Emotional development), SMSC (Spiritual, Moral, Social and Cultural development) and Citizenship

Religion and Worldviews will enable children at Mabe Primary to develop a wealth of knowledge and skills linked to PSHE, SMSC and Citizenship. Children will learn skills such as appreciation, fairness and empathy, collaboration, and self-awareness. It will help them to learn about and make judgements linked to moral concepts such as right and wrong and gain an understanding of how their actions can impact others. Children will be provided with the opportunity to share their own ideas and opinions, whilst learning how to listen to, and respect others views.

Religion and Worldviews will enable children to learn about religions and views important to people within their local community of Mabe/Penryn, in the wider community of Cornwall, throughout the United Kingdom and in the wider world. It will help them to learn to respect others’ beliefs, and challenge pre-existing stereotypes or ideas that could result in racism or discrimination.

Links to British Values

Religion and Worldviews at Mabe Primary will enable children to learn about and understand British Values, ultimately developing attitudes of tolerance and respect; allowing them to celebrate the diversity within the world in which they live.

Pupils with SEND and additional needs

Inclusion and adaptations for children with additional needs, including English as an Additional Language (EAL), will be taken into account within all planning and teaching, as they are in all areas of our curriculum, to enable every child to succeed.

Assessment and recording

Pupils will be expected to present their learning in Religion and Worldviews to a high standard, following the school's expectations for presentation. High quality displays of the children's learning are encouraged within classrooms, alongside whole school displays throughout the school. Children will record their learning for each unit of work in their Religion and Worldviews exercise books.

Children's learning in Religion and Worldviews will be assessed formatively by the class teacher throughout all lessons and will be marked in line with the school's feedback on learning policy. Outcomes from the lesson will then inform future planning, including areas of learning that require further support.

At the end of the unit, children will complete a summative based 'Pop-Quiz' related to their current learning. This will assess the knowledge they have gained within the unit, as well as checking prior knowledge that relates to the unit from previous year groups.

Collective Worship

At Mabe Primary we endeavour to have a daily act of worship, either whole school or class/key stage based. This will link with the themes explored within the Religion and Worldviews curriculum. Additional opportunities for pupils to explore different festivals and celebrations will be provided throughout the year and related to the religions that they are studying.

Collective worship is planned by the Headteacher following themes linked to Global, National or Local events, such as International Peace Day or St Piran's Day.

Each of our Collective Worship sessions will follow the structure below:

Gather	Song Starting Question – something to get the children thinking
Engage	Story/quote/poem/image/film clip/short activity/drama – something to think about relating to the theme
Respond	I wonder questions – some for the children to think about, some to answer. Time for reflection.
Send	Opportunity for the children to share what they are going to do with the info they have learnt – how are they going to use this (in school/at home).
